# LIFE, HEALTH & DISABILITY INSURANCE

Hill Ward Henderson represents insurers in disputes regarding life, health and disability insurance policies. In handling these disputes, our group provides an effective and efficient approach that seeks an early and successful resolution. Our attorneys have handled cases involving:

- ERISA plans
- Representing fiduciaries and insurers in similar disputes under ERISA employee welfare benefit plans
- Insurance benefit litigation
- Rescission of insurance policies due to misrepresentations
- Employment contract drafting and negotiation, including non-compete and severance agreements
- Claims arising out of alleged misconduct in the sale of insurance and annuities
- Claims under accidental death and dismemberment insurance policies
- Interpleader actions

Additionally, our group frequently provides advice and counsel to clients processing difficult claims in anticipation of later litigation.
