# INTELLECTUAL PROPERTY LITIGATION

Our litigation attorneys have represented clients in all aspects of enforcement proceedings involving intellectual property rights. We have experience in state and federal infringement suits, administrative proceedings before the Trademark Trial and Appeal Board, *inter partes* review proceedings before the Patent Trial and Appeal Board, arbitration proceedings, and domain name disputes before the ICANN (Internet Corporation for Assigned Names and Numbers). We have represented clients in trademark, trade dress, copyright, and patent infringement cases, trade secret misappropriation, and false advertising litigation, both before and after suit is filed.

We have served as primary and local counsel in intellectual property matters for clients ranging from industry giants to local businesses. The breadth and depth of experience in our litigation department allows us to assemble a team that can efficiently and effectively resolve both core intellectual property disputes, as well as the related claims, such as unfair competition and antitrust, that often accompany them.

## EXPERIENCE

- Represented a provider of electronic cigarettes in trademark enforcement actions.
- Represent a national restaurant franchise in trademark enforcement actions.
- Represented an investor in reaching a successful settlement after a failed software development project.
