

PROFESSIONAL STAFF

Our firm's success is due in no small part to the positive working relationship between attorneys and staff members.

We cannot over-emphasize the importance and quality of our firm's staff. All paralegals, legal assistants and other staff members are educated and well-trained professionals who provide vital services to our clients and attorneys.

Our staff receives advanced training on the numerous software programs and technological tools utilized by the firm. They also receive training on client service, as well as topics specific to the practice group in which they work.

Our firm's success is due in no small part to the positive working relationship between our attorneys and staff members. These relationships also exist outside the office, as evidenced by the participation of both lawyers and staff at functions and events such as our annual holiday celebrations, community fundraisers and extra-curricular activities.
